

Industry PATHWAYS

CAREER EXPERIENCE

Join us on October 8, 2024 at

Johnsburg High School
Johnsburg, Illinois

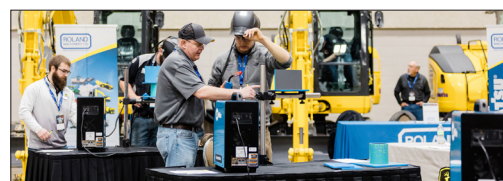

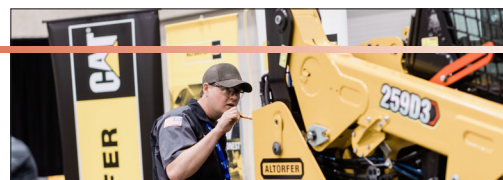

We're partnering with SkillsUSA Illinois to host an innovative career event where students can:

- **Get hands-on experience with industry skills**
- **Connect directly with potential future employers**
- **Explore real career pathways in the industry**

This is not your typical career fair — it's an immersive industry experience!

Employers: Your participation is vital in shaping the future workforce. Help students envision their potential careers and discover your future talent pool.

The Youth Workforce Development Foundation and the AED Foundation, with federal funding from the Apprenticeships Build America program, are tackling the skilled talent shortage in the technician and equipment operator industry.

PARTNERSHIP OPPORTUNITIES

Participation Information

\$100

Event participation provides the opportunity for organizations to participate with space for hands-on activity, one table space, and the ability to interact with attendees. All industry representatives must register for the event.

Organizations who would like to only attend and not provide a hands-on experience, will be charged a small fee for their table space.

General Sponsorship

\$2,000

This provides an opportunity to ensure all attendees interact with representatives. Organizations' logos will be printed on all resources and banners. Representatives will have the option to speak at the event opening, greeting all attendees.

Lunch Sponsorship

\$3,000

This provides an opportunity to provide lunch for all attendees. Organizations' logos will be printed on all resources and banners. Representatives will have the option to speak at the event lunch with all attendees.

**Register today
to connect with the future
of your industry.**
